System Requirements

ALERT: Before you register for an online proctored exam, review the system requirements, check the list of participating countries, read about the testing protocols, and complete the required system test: Online Proctoring Required Information

Admission Policy

Please note that this exam is proctored in English and Japanese only.

Before exam day:

Test your system:

- Use the same testing space, computer and Internet connection you plan to use on exam day,
- We recommend testing on a personal computer with a webcam. Work computers generally have more restrictions that may prevent successful delivery,
- Do not take your exam in a setting with a corporate firewall (including VPN). If you are taking your online exam in your office, please alert your Network Administrator to the OnVUE system requirements,
- Make sure that you have a reliable, fast Internet connection to download your exam and support a webcam stream

Acquire an acceptable form of ID:

One (1) valid, unexpired, government-issued ID with a signature and photo. The name must match the name on the registration exactly.

Acceptable forms of ID include:

- Passport,

- Driving licence,
- Non-US Military ID (including spouse and dependents),
- Identification card (national or local),
- Registration card (green card, permanent residence, visa)

Unacceptable forms of ID:

Unacceptable forms of identification include renewal forms with expired IDs, government-issued name change documents with government ID,
If your identification is not considered valid, you will not be permitted to complete your exam and you are unlikely to receive a refund.

By law, certain IDs must not be photocopied, digitised, or captured on camera. Because of this, Pearson VUE cannot accept restricted IDs (including but not limited to U.S. military or certain secure access IDs) as identification for online testing.

Prepare your testing space:

- Find a quiet, disruption-free, well-lit space. Please be aware that background light or the sun rising/setting could create visibility issues for the proctor,
- You will be required to take four photos of your testing space during check-in. We recommend using a mobile device,
- You can only use one monitor,
- Your desk should be clear

For more information, review online proctored exam policies, procedures, and minimum requirements.

On exam day:

- We recommend logging into your account **30 minutes early** to start the check-in process and to allow for any troubleshooting,
- This allows optimal preparedness but does not guarantee an early admittance or start time,
- If you are more than 15 minutes late after your scheduled exam time, you will be unable to begin your exam and you are unlikely to receive a refund

To check into your exam:

- Select Check-in to start exam on your confirmation email,

- Log in: https://www.microsoft.com/en-us/learning/dashboard.aspx
- View your upcoming appointment,
- Follow the on-screen prompts to complete the check-in process,
- You will need to complete check-in before you can start your exam

Exam rules during testing

- You may not access unauthorised materials, i.e. mobile devices, watches, and anything not allowed by test sponsor
- No one else should appear through the webcam during the exam and no one else's voice should be heard,
- No speaking aloud during exam

Re-schedule Policy

If you need to reschedule your appointment, make sure you do it no later than 24 hours prior to your scheduled exam. If you do not reschedule your appointment 24 hours prior to your scheduled exam, you will forfeit your exam fee and/or your company may incur a charge.

Cancellation Policy

If you need to cancel your appointment, make sure you do it no later than 24 hours prior to your scheduled exam. If you do not cancel your appointment 24 hours prior to your scheduled exam, you will forfeit your exam fee and/or your company may incur a charge.
